CONCERNING THE MARTYRDOM OF

COMRADE DR. FAIZ AHMED,

THE LEADER OF AFGHANISTAN LIBERATION ORGANISATION

(Sazman-e. Kehayee Afghanistan)

(1946 - 1986)

Dear compatriots,

Once again another wound was added to the body of our tearful and sad people, the people who bravely strive for their liberation. This wound added to the body of a caravan of revolutionaries who experienced the burning heat of ovens in the course of revolution and faced the difficulties thereon with ceaseless efforts and never surrendered:

On the 12th Jadi 1365 ( Jan. 20, 1987 ) Dr. Faiz Ahmed the leader of Afghanistan Liberation Organization ( Sazman-e-Rehayee ) was martyred in a pre-planned plot by the gang of Gulbuddin Hikmatyar. In this way the ALO, revolutionary movement and anti-Russian resistance war of our heroic nation was deprived of one of their utmost wise leaders.

Dr. Faiz Ahmed at his teen, when he was studying in school, was one of a few students who had a brilliant talent in politics. By having a distinct personality and revolutionary wisdom he became popular amongst the political circles. In 1347 ( 1967 ) the New Democratic Movement ( Sholai Javid ) came into being where he played a vital role in strengthening it in its organisational set up and attracting new members to it. He as a skilled anti-Parchami, anti-Khalqi ( Russian agents ) and anti-fundamentalism propagandist was well-known among the people specially the intellectuals. In 1352 ( 1973 ) by realisation of the mistakes made by Sholai Javid and imperative importance of revolutionary set up, he founded the "Revolutionary Group of Afghan peoples" which later on in 1359 ( 1980 ) was renamed as Afghanistan Liberation Organization. Dr. Faiz Ahmed took the coup of 27th April 1987 as a preface to direct Russian aggression of Afghanistan immediately. Despite the fact that since long he was confined to live in hide and difficulty, he made the Organisation to propagate against the Parchamis and Khalqis as Russian lackeys and played a key role in organizing the armed uprising of Bala Hisar ( Kabul ) on 5th of August 1979. By the defeat of this uprising, he alongwith certain other leaders of the uprising was arrested. But his dramatical escape from the hands of the traitors which was planned by his comrades-in-arms was a severe blow to the regime of Taraki-Amin. After the direct Russian invasion of Afghanistan, ALO, under his leadership, succeeded to spread its forces from cities to villages within a short period to take part in the anti-Soviet resistance war. He in the present liberation war, evaluated the

criteria of being revolutionary, in patriotism and held that without independence we would have nothing. Although he was emphatically teaching members of the Organization the immense importance of the current resistance war, also warned them not to be negligent of the danger of the fascist fundamentalists and specially of the gang of Gulbuddin. Dr. Faiz Ahmed being a real patriot, during his political age, as a noble, devoted and wise leader led ALO to unite all the anti-Russian and anti-fascist forces, strengthening deep relations in between the labouring people of different nationalities of the country and struggle for a united revolutionary movement. Reminiscence of Dr. Faiz Ahmad like reminiscence of Akram Yari, Majid Kalakani and other leaders of this genuine and flaming type will live in the hearts of the masses forever.

Although some of the members of ALO had so far been martyred by the gang of Gulbuddin, yet the blood of Dr. Faiz Ahmed might had proved to all the national and revolutionary elements and even common men once again that the terrorist gang of Gulbuddin instead of fighting against occupationists, like bloody carcass takes the hands of Russians in designing dangerous plots. There is no anti-Russian force in our country which was not attacked at face by this wild dog. Even Gulbuddin not spare his fellow fundamentalists in certain occasions. The blood of Dr. Faiz Ahmed makes it clear that Gulbuddin's ultrareactionary gang has lost its position among the masses. Due to lack of trust in his personality and afraid of political struggle, like other anti people elements resort to terrorism. But the revolutionary movement and ALO which was not defeated during its 8 years struggle with Russia -a super power- will never bow before Gulbuddin and his gang whatever the circumstances.

The fascist gang of Gulbuddin which has committed countless crimes against our nation -the nation which bravely bears the burden of resistance against Russia. at the utmost difficult situation- put itself at the midst of hate and anger of political forces and masses. Likewise this gang, due to its kidnappings and crimes caused a great

shame and headache to the Government of Pakistan ( of course the Government of Pakistan does not investigate into this filthy scar of our freedom war ). Despite all these and after martyrdom of Dr. Faiz Ahmed the gang of Gulbuddin tries firstly to cover its crimes by releasing pamphlets and write ups in Pakistan and secondly, being unaware of its immaturity, creates confusion about ALO in between the people of Afghanistan and Pakistan. But on one side the blood of thousands of our freedom fighters and revolutionary brothers and sisters, blood of several members of ALO, blood of Dr. Faiz Ahmed are before the eyes of our people and on the other side is the Gulbuddin gang from the face dropping their innocent bloods.

Then who pays heed to the cheap propaganda made by Gulbuddin this perverted man? The more this deviated man and his gang commit crimes, shamelessly lie and trick, the more our people will become vigilant. They ( the people ) would never let wolf leave from one door and dog enter from the other. Our people will never allow the criminal and fundamentalist band of Gulbuddin to accrue the black atmosphere of terror, backwardness of middle-age which is worser than the Russian aggression to our country on the event of withdrawal of Russians from Afghanistan. The day when each members of this gang will vomit the blood they sucked from our people will not be far away. The powerful hands of the masses will make them pay for what they did ( the account of ordinary members of Hizb-e-Islami is excluded ).

Now the un-timely martyrdom of Dr. Faiz Ahmed set all the revolutionaries and freedom fighters of our country at deep grief. But, whereas Dr. Faiz Ahmed with his martyrdom under the torture of Gulbuddin gang left us another everalsting example of heroic resistance and struggle for attainment of independance and fighting fascism; whereas Dr. Faiz Ahmed with the devotion of every moment of his life during the last 20 years of his political career and with his blood sowed a red seed in our homeland the growth of which

will guarantee our independence and release from fascism, religious fanaticism and obscurantism of Gulbuddin type; whereas Dr. Faiz Ahmed an experienced organiser who founded and nourished ALO, a militant Organisation which its followers in the struggle for independence, freedom, social justice and in the fight against inhuman reactionaries like "Amir" Gulbuddin will never be afraid of being cut into pieces; whereas the blood of Dr. Faiz Ahmed decorates the crown of the banner of our way to liberty and thousands of strong hands will take up his fallen gun; it would be at this time that this grief will leave its place for a tough will-power to strengthen our fighting spirit against the Russian invasion and Gulbuddin fundamentalism. Even now such a will power is roaring in the hearts of members of ALO. Of course it will induce more or less such a flare in the hearts of other freedom fighters of our country in different shapes and dimensions.

The spectre of great life of Dr. Faiz Ahmed, his personality and his intellect will be haunting in the atmosphere of our beloved Afghanistan for ever. This will be the shadow which induces will and hope in the hearts of real revolutionaries and will flare death and terror in the hearts of the enemies of our homeland such as apolitical and criminal gang of Gulbuddin.

The shocking news of martyrdom of Dr. Faiz Ahmed goes to the mountains, valleys and plains till reaches every individual of our people, men and women, young and old. With running of red drops of tears, the seed of revenge will be sowed in the heart of our tearful people against the enemies of our homeland, people and humanity like Gulbuddin and his gang.

We once again swear before our heroic and freedomloving people and before the blood and memory of Comrade Dr. Faiz Ahmed that we will take up his noble mission without any hesitation and what he taught us in relation with love to our motherland and betterment of our tortured people and we will loyally and faithfully put them into practice. It would be only with

attainment of his glorious and shining aims that we will avenge.

Salute and glory to the Martyred Dr. Faiz Ahmed!

Down with the Russian invaders and their Khalqi  
and Parchami slaves!

Down with and shame to the Gulbuddin gang!

Victory to our great anti-Russian liberation war!
